

REMARKS

The specification is amended as required to claim priority from the parent applications and to claim benefit of the Provisional Application.

Claims 1, 9-13, 23, 24 and 26 are canceled since they are drawn to subject matter allowed in the grandparent application.

Claim 14 was canceled and replaced with new claim 27. Claim 14 as filed was dependent on claim 1, and since claim 1 is canceled, claim 14 had to be rewritten in independent form, incorporating the subject matter of claim 1; due to the large amount of material to be added, it was more practical to replace it than amend it.

New claim 28 (analogous to original claim 26) was added to claim kits with the additional agent used to treat the diseases listed in claims 15 and 27. Support for this claim is found in the specification on page 8, lines 16-19.

Applicants respectfully submit that no new matter has been added by the amendments.

Applicants look forward to an early examination on the merits.

Respectfully submitted,
